

About Me

I am an energetic and imaginative young web developer who is able to work alongside other talented IT professionals in creating websites to the very highest standards. I have a high awareness of industry issues and trends, particularly in regard to accessibility, usability, and emerging technologies. I'm an ambitious type who wants to get noticed, and has the drive and massive energy needed to really make a difference to a project. Right now I am looking for a working position in an exciting company that wants to attract talented people.
